Deputy Director for Administration  
National Security Agency

SUBJECT:

Intelligence Community Staff Reimbursable  
Tour Extension for [REDACTED]

25X1

1. [REDACTED] has been on a rotational assignment with the Intelligence Community Staff from NSA since August 1979. [REDACTED] has recommended an additional one-year extension of his tour until August 1983 due to his recent assignment (September 1981) in the Office of Program and Budget Coordination as the SIGINT Program Monitor [REDACTED]. [REDACTED] will be a principal participant in our implementation of the new Capabilities Programming and Budgeting System. His specific knowledge of SIGINT systems and applications will prove most valuable during this difficult budgetary transition.

2. Both [REDACTED], Director, Office of Program and Budget Coordination, and I believe that an extension of [REDACTED] tour will serve Community needs and be very beneficial. I, therefore, request approval of an extension of [REDACTED] tour until August 1983. We can provide further details and assistance if required.
